# SPILL PROOF SPOUT GAS CAN ASSEMBLY INSTRUCTIONS

1. Remove the collar from can. Remove the black dust cap from collar. Once you have fuel in the can, dispose of the dust cap.  
\*Note: The dust cap is for shipping purposes only.

2. Remove the gasket from the spout.

3. Clip the gasket on the bottom of the spout.  
\*Note: The gasket should be flipped so that the step faces up to ensure proper seal.

4. Lace the spout through the collar and tighten the collar to the can.

5. Angle the spout towards the front of the can and tighten the rest of the way down.

6. Before each use; vent any pressure in the can by pulling back on the sleeve of the spout.

### TO USE:

7. Rest the trigger of the spout to the side of the tank opening to engage the spout. When the tank is full, fuel flow will stop.

8. When removing the spout from the tank opening, the spout will automatically close.

REMEMBER TO VENT PRIOR TO NEXT USE.

**NEVER STORE SPOUT INSIDE GAS CAN**

**SAFETY AWARENESS- Always store in a well ventilated area, away from ignition sources, and out of reach of children.**

**CAUTION**

**Never use gas to start a fire.  
May cause severe injury or death.**
